**4. Person(s) seen/interviewed:**

Maria Hutchins, Deputy manager

**5. Safety representative seen/interviewed:**

**6. Nature of business:**

Residential care home (mentally ill - 26)

**7. Number of employees:**

Male:

Female:

**8. Date and time of inspection:**

19/10/99

**9. Areas inspected:**

All food rooms

**10. Records examined:**

Temperature records. Pest Control

**11. Details of any samples procured:**

**12. Summary of action to be taken by the council/\*works required by proprietor:**

The food hygiene systems operated are very good. There are only two areas that I suggest you could look at.

1.Ensure bulbs to insectocuter are changed by Rentokil

2.You should occasionally probe + record the temperature of the few reheated meals you do.

No potential problems were found and staff are to be congratulated on the standards achieved.
